

Serving the Environmental,  
Health, and Safety  
Community for  
**25 Years!**

2011 will be the 25<sup>th</sup> anniversary of the formation of iATL. Statistically, only a little over 40% of businesses survive at least 4 years and here we are at 25!

Certainly there were individuals along the way that were key contributors to our success, but ultimately the efforts of ALL employees are the reason for our longevity. It's taken nothing short of dedication, professionalism and striving for excellence for iATL to accomplish this mark.

A special nod of sincerest gratitude to our loyal customers in getting us here!! Our intention is to continue meeting the needs and exceeding the expectations of our clients for another 25 years... again, one sample at a time.

[Check this website icon regularly throughout 2011 to receive NEWS and updates on our celebration.](#) There will be historical photos and stories, interesting facts, discounts on special analyses, and invitations to join us in marking this occasion.
